

The City of Liberty is excited to announce the first of our Capital Improvements projects is about to start. The city will have the water main on Mountain View Drive be replaced with 1,145 feet of 6" Ductile Iron pipe, to improve water flow and fire protection.

During this time the company Payne, McGinn & Cummins, Inc will have crews out boring and installing the new pipe.

**Project Outline:**

- Replacement line location:  
Starting location - North Palmetto Street & Mountain View Drive  
Ending location - Mountain Drive View & Blue Ridge Drive
- Start of project:  
June 2<sup>nd</sup> Machinery & parts are brought in and being stored at the upper parking lot of Freedom Field.  
June 6<sup>th</sup> Construction begins.
- Expected end date August 6<sup>th</sup>.

As always, the health and safety to the community is biggest concern. We will monitor the installation of the water main along with assistance from The Rosier Group. Please take notice of the area, so that we can keep everyone as safe as possible.
