

HELP US SPREAD THE WORD:

# Take the Better-Internet Survey

Thank you for sharing the Better-Internet Survey as a partner in our commitment to provide reliable, high-speed internet to all South Carolinians.

To make sharing that message easy, we've put together the GetConnectedSC Partner Toolkit. In it you'll find all the materials you need to promote the Better-Internet Survey.

Here's what is available:

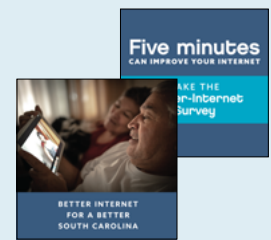

## Flyers

Distribute flyers including your custom QR code across campus or throughout your organization.

## Buttons + stickers + promo card

Hosting an event to promote the Better-Internet Survey? Request buttons, stickers and promo cards to give out.

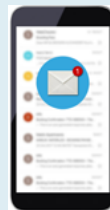

## Suggested social media posts and graphics

Post the provided messages and graphics in your social media channels.

## Sample article for newsletters or other communications channels

Use the prepackaged content in your internal (or even external) newsletter or other publications.

## Draft email language to send to your stakeholder groups

Send an email to your database of stakeholders inviting their participation in the survey.

## GetConnectedSC video

Share the GetConnectedSC video.
